TO: AF&PA Recovery Boiler Program Company Representatives,
Recovery Boiler Superintendents, Members, and Guests

**RECOVERY BOILER OPERATIONAL
SAFETY SEMINARS & REVIEW OF
AF&PA - BLRBAC GUIDELINES
FOR 2017**

PLEASE MARK YOUR CALENDAR AND PLAN TO SEND SOME OF YOUR OPERATORS, SUPERVISORS, MAINTENANCE PROFESSIONALS, AND ENGINEERS TO THE SEMINARS:

**April 25-26, 2017 Atlanta, GA
May 16-17, 2017 Atlanta, GA**

Fortunately, we have not had a recovery boiler explosion in the U. S. in 3 years. There were 54 incidents reported to BLRBAC in 2016, and of these, 20 were classified as critical. Some of these incidents were considered very serious and it was lucky that there was no explosion. BLRBAC defines “critical” as meaning that water entered the unit forward of isolating baffles, and there was the potential of an explosion. Training and reaction to the situations apparently saved the day in many cases. Learning to recognize the situation before it becomes critical is a big part of the battle. With the increased number of new people or lesser experienced people working in the recovery boiler area, companies are realizing the need for more training. Of the incidents reported last year, 75% were discovered by “walk-downs,” thus, finding small problems before turning into large problems.

Although only one dissolving tank explosion was reported last year, the Committee feels that there have been more upsets in that area that are not reported. AF&PA is studying the dissolving area in an attempt to reduce these upsets and to develop best practices to safely operate dissolving tanks.

Much is learned from the incidents reported. The Committee feels that more mills are realizing the need for people operating the boilers to further their knowledge and understanding of the safe operation of recovery boilers. As we see, the majority of pressure part leaks are still found during operator “walk-downs” which supports the conclusion that the operators are more aware of what, where, and how to look for leaks, and to find them as early as possible. The greatest challenge we face in the recovery boiler operation is the recognition of major tube leaks followed by the operator’s correct and timely reaction to the emergency. The seminars focus on the proper training and handling of these upset situations to minimize exposure to personnel; reduce injuries; as well as down time and damage. The outstanding dialogue among attendees was again cited as a key factor in responses rating the seminars as “Excellent.” The responses repeatedly mentioned that the main objective of the seminars - the need to increase awareness in safely operating the boilers - as most important.

AMERICAN FOREST & PAPER ASSOCIATION

Thus, with the above factors heard from the mills, there is greater emphasis for these seminars. The cost for someone attending these seminars is rather small compared to the possible injuries and costs of an upset in the boiler. Based on inquiries already received, we anticipate very good attendance from operators, supervisors, maintenance professionals, and engineers. The seminars are planned for active participation by each attendee. Therefore, to provide a program most beneficial to all, we try to limit attendance at each seminar to 64 participants. The Seminars are planned for two half-days allowing for travel to and from the seminars. An agenda and registration forms for each seminar are enclosed.

The registration fee for each Operational Safety Seminar is \$320 per attendee for member companies of the AF&PA Recovery Boiler Program (\$640.00 for attendees of non-member companies), and includes dinner, a continental breakfast and coffee breaks. Please complete the enclosed registration form indicating which Seminar you wish to attend and return it to me along with your registration fee made payable to "AF&PA". Registration for each Seminar will be on a first-come first-served basis. In order to avoid making unnecessary follow-ups, please let us know whether you plan to send people to the sessions this year. The attached form can be completed and returned to me as soon as you know by email, fax, or sent by mail to the address indicated on the form.

We have reserved a block of rooms at the Atlanta Airport Marriott Hotel for each seminar at a special rate per night of \$149. + tax. Registration forms for the Seminars and Atlanta Airport Marriott Hotel are enclosed. Hotel registrations may be made by calling 1 (800) 228-9290 or (404) 766-7900, but you must request the "**AFPA Meeting**" Group rate.

The Atlanta Airport Marriott Hotel is conveniently located near the Hartsfield-Jackson Atlanta International Airport. Hotel shuttles leave every 15 minutes during most of the day and every 30 minutes between 12 Midnight and 5:00 AM.

If there are any questions concerning these sessions, please do not hesitate to contact me.

Sincerely,

Wayne Grilliot

REGISTRATION FORM

AF&PA RECOVERY BOILER PROGRAM
2017 OPERATIONAL SAFETY SEMINARS &
REVIEW OF AF&PA AND BLRBAC GUIDELINES

___ We plan to send (number of people) _____ to the 2017 Operational Safety Seminars in Atlanta, Georgia at the Atlanta Airport Marriott Hotel:

April 25-26, 2017 _____

May 16-17, 2017 _____

___ We do not plan to send anyone to this year's seminars.

Registration fee \$320.00 for members of the AF&PA Recovery Boiler Program.
Registration fee for non-members of the AF&PA Recovery Boiler Program is \$640.00.

Name: _____
Title: _____
Company: _____
Mill: _____
Address: _____
Telephone: _____
Cell Phone: _____
Email: _____
Date: _____

Please make checks payable to “AF&PA” (only checks will be accepted for payment on-site)

Return this form and payment to:

AF&PA - Recovery Boiler Program
Attn: Wayne Grilliot
C/O: APEC, LLC
204 Hiawatha Trail
Springboro, Ohio 45066

AF&PA RECOVERY BOILER PROGRAM
MAY 2017 OPERATIONAL SAFETY SEMINAR &
REVIEW OF AF&PA AND BLRBAC GUIDELINES

May 16-17, 2017

Atlanta Airport Marriott Hotel
4711 Best Road, Atlanta, GA

AGENDA

FIRST DAY SCHEDULE – Tuesday, May 16, 2017

- 1:00 p.m. Registration - distribution of materials and table assignments
- 1:15 p.m. Welcome and introductory remarks
Explanation and outline of seminar/review format by monitors
Bob Phelps, Extra Hand Plant Support Services
Dean Clay, Boiler Services & Inspection, LLC
- 1:30 p.m. Incidents 1 through 4 -Assigned reading and discussion at tables
- 2:15 p.m. Group report and open discussion of Incident 1
- 2:45 p.m. Coffee break
- 3:00 p.m. Group reports and open discussions of Incidents 2, 3 and 4
- 4:30 p.m. Recovery Boiler Explosion Experience – Brief Review
Dean Clay
- 5:00 p.m. **“Root Cause”** - Five key problem areas (training, maintenance, staff support, personnel qualifications and production pressure) Summary and discussion
Bob Phelps
- 5:15 p.m. Adjourn
- 6:00 p.m. Dinner

AMERICAN FOREST & PAPER ASSOCIATION

SECOND DAY SCHEDULE – Wednesday, May 17, 2017

- 7:30 a.m. Continental breakfast
- 8:00 a.m. Explanation of morning's activities
- 8:15 a.m. Two incidents. Assigned reading and discussion at tables
- 9:00 a.m. Group reports and open discussions of Incidents 5 and 6
- 10:00 a.m. Coffee Break
- 10:15 a.m. General discussion of impediments to leak detection and of pyrolysis gas explosions
- 10:45 a.m. **Discussion – Messrs. Clay and Phelps**
What are the signs of a leak in the control room?
Indications of a Pressure Part Leak.
Decision Time.
Best Practices
Construction and use of decision charts;
- 11:15 a.m. **Discussion – Cont'd**
Interlocks and interlock bypassing:
Purpose of interlocks;
Major interlock systems on recovery boilers;
Specific procedures employed when interlocks are not functioning.
Keeping spouts operating properly;
Procedures for opening plugged spouts;
Protective equipment.
- 11:45 a.m. How to use BLRBAC and AF&PA resources.
- 12:00 noon Adjourn

HOTEL REGISTRATION FORM

AF&PA RECOVERY BOILER PROGRAM
2017 OPERATIONAL SAFETY SEMINAR &
REVIEW OF AF&PA AND BLRBAC GUIDELINES

May 15-17, 2017
Atlanta Airport Marriott Hotel
Atlanta, Georgia

Please call Hotel Reservations by Monday, April 24, 2017.

(Reservations made after that date will be on an “as available” basis and possibly at a higher rate.)

Reservations
Atlanta Airport Marriott Hotel
4711 Best Road
Atlanta, Georgia 30337
Telephone: 1 (800) 228-9290 or
(404) 766-7900

ROOM RATE: Standard Guest Room \$149.00, plus tax

When calling: Request the “AFPA Meeting” Group rate and provide the following information.

Arrival Date: _____ Number in Party: _____
Departure Date: _____
Credit Card Number (If Charged) _____
(Please indicate type of card and expiration date.) _____
Name: _____
Company: _____
Address: _____
Telephone: _____

Please make sure to guarantee the room for late arrival.

The Atlanta Airport Marriott Hotel is conveniently located near the Hartsfield-Jackson Atlanta International Airport. Hotel shuttles leave every 15 minutes during most of the day and every 30 minutes between 12 Midnight and 5:00 AM.
