**AF&PA RECOVERY BOILER PROGRAM
2019 ANNUAL CONFERENCE & MEETINGS
February 5-6, 2019
ATLANTA, GEORGIA**

The 2019 Annual Conference and Committee Meetings for the AF&PA Recovery Boiler Program will be held on February 5th and 6th at the Atlanta Airport Marriott Hotel in Atlanta, GA. This year's Conference and Meetings will be most informative for attendees from the operating companies as well as the manufacturers, vendors, and insurance companies. Presentations will cover various topics of interest to attendees. The dialogue among attendees has always added to the information presented. Presentations on the latest techniques and research being conducted for the safe and efficient operation of recovery boilers benefit all. Attendees will receive first-hand information on the issues being addressed and how each can benefit from the cooperative effort of the AF&PA Recovery Boiler Program.

The Program's aim is to make this a "one-stop" opportunity for attendees to obtain updates on industry issues. Reports on Subcommittee activities and developments for the safe and efficient operation of recovery boilers will also be presented.

The Committee Meetings will be held on Tuesday, February 5th, with a reception and dinner that evening. The Annual Conference will be held on Wednesday February 6th.

The registration fee for the Conference and Meetings is **only \$350/person** for AF&PA Recovery Boiler Program Members, conference speakers, manufacturers, vendors, insurers, and other suppliers to the industry. For Non-Member companies that operating recovery boilers, \$700/person.

The fee will cover all Conference Sessions, Committee Meetings, related meals, and reception.

Enclosed is a tentative agenda for the 2019 Annual Conference and Meetings which will include a great mix of subjects and research projects underway to help operate recovery boilers safer and more efficiently. In addition, views on Dissolving Tank issues and other selected critical areas in recovery boilers will be presented. The presentations and the open dialogue on subjects of utmost concern in the recovery boiler area have received much praise during the past Conferences and Meetings. We anticipate another excellent turn-out for the 2019 Conference and Meetings, especially given the importance of the current projects and research studies sponsored by the Research & Development and Operation & Maintenance Subcommittees.

The presentations will provide valuable information to members, as well as the boiler manufacturers, vendors, insurers, and others interested in recovery boilers. This format has proven to be most successful. Thus, this "open" Conference will provide information to all in the recovery boiler community. Updates will also be presented on BLRBAC and Canadian BLRBAC activities, TAPPI Recovery Boiler Subcommittee, the Swedish-Norwegian Recovery Boiler Committee, and the Finnish Recovery Boiler Committee so there will be complete coverage of organizations involved with the safe and efficient operation of recovery boilers.

The Annual Conference is open to everyone. The Subcommittee Meetings are open to all AF&PA Recovery Boiler Program members & guests.

We hope that you will plan to attend. The Registration Form for the AF&PA Recovery Boiler 2019 Annual Conference and Meetings is enclosed.

Hotel reservations may be made by calling **1 (800) 228-9290 or (404) 766-7900**.
